

ACHRI GRADUATE SCHOLARSHIP IN CHILD HEALTH AND WELLNESS

Award Guide

Purpose of Award

ACHRI Graduate Scholarships (MSc/PhD) are competitive internal awards for the purpose of providing stipend support to ACHRI trainees pursuing graduate research.

Eligibility Criteria

Candidates are eligible to apply for the ACHRI Graduate Scholarship if:

- they have applied to¹, or are currently enrolled in a graduate studies program (Master's or PhD) at the University of Calgary; and
- they have secured a training position with a primary supervisor who is a member of ACHRI; and
- their research project fits with the mandate of ACHRI and the institute's research priorities.

Current holders of internal and external awards such as CIHR, NSERC and other agencies, are eligible to apply for an ACHRI Graduate Scholarship only if funding from these agencies will be ending within 12 months from the application deadline.

Multiple applicants from the same supervisor/ lab may apply for an ACHRI Scholarship. However, only one graduate application from a single supervisor will be offered an ACHRI scholarship in a given competition. Note, this applies to new applicants only; renewing applicants do not apply through the same system as new applicants and therefore are not counted toward the total number of awards offered to the same supervisor/ lab.

Financial Support

In order to access the award, successful applicants must be enrolled in a Graduate Studies program at the University of Calgary and be registered as ACHRI trainees at the time of commencement of the award.

The value of the ACHRI Graduate Scholarship is:

¹ Students must have applied for admission. They do not need to have been accepted or be registered.

\$15,000 per year for MSc students (domestic),
\$16,000 per year for MSc students (international),
\$17,000 per year for PhD students (domestic), and
\$18,000 per year for PhD students (international).

Both Master's and PhD-level ACHRI Graduate Scholarships must be supplemented by an additional \$10,000 per year from the supervisor's and/or co-supervisor's funds or another relevant source. By submitting an application for an ACHRI Graduate Scholarship, supervisors agree to this financial partnership with ACHRI.

ACHRI Graduate Scholarships may only be used for stipend support. These awards are intended to support trainees during full-time academic studies and research related to their degree. Any other employment and awards must be reported to ACHRI promptly. Tuition and other fees for the Faculty of Graduate Studies are the responsibility of the student.

The term of the ACHRI Graduate Scholarship is minimum 12 months with a possibility of extension for an additional 12 months contingent on satisfactory progress of the awardee, completion of a progress report (approved by the supervisor), participation in the ACHRI and Child Health and Wellness training activities and events, and effort to secure external scholarships. The maximum duration of the ACHRI Graduate Scholarship is 24 months.

ACHRI Graduate Scholarship is governed by the Graduate Award Regulation and the Cumming School of Medicine (CSM) Funding Policy. Holders of the ACHRI Graduate Scholarship are expected to apply for internal and external awards for which they are eligible, including those from provincial or national agencies. Trainees who have been successful in obtaining another award must inform ACHRI and the Graduate Awards Office at the Faculty of Graduate Studies (FGS) of the new award at their earliest opportunity. Trainee's eligibility for continuing to receive funding through the ACHRI Graduate Scholarship will be reviewed in accordance with the rules and regulations of the FGS. Typically, holders of the ACHRI Graduate Scholarship who win other awards take up the other award at the earliest possible date and either pause or decline their ACHRI Graduate Scholarship or have the ACHRI and/or supervisor funding adjusted in accordance with the rules and regulations of the FGS and CSM. If the term of the other award is less than that of the ACHRI Graduate Scholarship (e.g., no more than 12 months), the ACHRI award is paused for the duration of the other award and is reinstated once the other award has been paid in full.

As part of their ACHRI Graduate Scholarship, trainees will be provided with a one-time allowance of \$1000 to be used for research-related travel (e.g., for attending a scientific meeting or a course related to their research/ field of study or travelling to a partner laboratory or an external course to learn a new technique). This travel allowance is not transferrable to the trainee's supervisor or another trainee and must be used by the end date of the ACHRI Graduate Scholarship. Trainees are not eligible to apply for ACHRI Trainee Travel Awards (but may apply for ACHRI Research Visit/ External Course Awards) until their travel allowance is spent in full.

Application Deadlines

Deadlines for new applications are listed on the [ACHRI Funding Page](#), under Graduate Stipend Support

(typically early January).

Applications for renewal are due by **5 PM local time on July 15**, unless otherwise noted.

Application Instructions: New Applicants

In order to apply for an ACHRI Graduate Scholarship, candidates must submit the following:

- Graduate Award Competition Application (GAC), available online, through your Student Centre. The form includes the following components:
 - Eligibility statement
 - References
 - Transcripts: Transcripts will be added to your application after the deadline by your Graduate Program Administrator (GPA) based on the information provided in the application. You do not need to request transcripts.
 - Other sections, including Academic History; Awards; Research Abstract (250 words) and Proposal (thesis) (800 words); Bibliography (1000 words); Presentations and Contributions (1000 words); Leadership and Interpersonal Skills (800 words)
- GAC Harmonized Award Form, which includes:
 - Confirmation of funding commitment
 - Training environment statement
 - Training experience, expectations and personal considerations section
 - Sex and Gender statement

Please note that both the GAC application and the GAC Harmonized Award Form are submitted electronically through the UCalgary Student Center.

Application Instructions: Renewing Applicants

In order to renew their ACHRI Graduate Scholarships for a second year of support, applicants must submit:

- Progress Report, available on the ACHRI website, completed by the trainee applicant;
- One letter of reference submitted by the applicant's supervisor via email describing the progress of the trainee and approving the renewal application;
- Updated electronic copy of the applicant's academic transcript (unofficial copies are acceptable in pdf or jpg format).

Renewal packages and reference letters should be sent **electronically** to the ACHRI STEP office at achri.training@ucalgary.ca.

It is the responsibility of the applicant and his/her supervisor to ensure all application documents are complete and submitted on time. Late or incomplete applications will not be accepted. If the application is deemed non-compliant (e.g., does not follow application instructions as stated; supporting documents exceed page limit, etc.), reviewers have the right to reject the application.

Adjudication Process and Evaluation Criteria

Eligible applications will be reviewed by the ACHRI Training Review Committee, selected from the ACHRI College of Reviewers, in conjunction with the ACHRI Training and Education Committee. Applications will be adjudicated based on the following criteria:

- alignment of the proposed project with the mandates of the Program and ACHRI;
- significance and quality of the proposed project;
- quality of the candidate (e.g., academic excellence, research experience, awards);
- training environment (e.g., supervisor's publications, grant support, experience in trainee supervision, excellence in mentorship).

Please note that applications are evaluated by a multi-disciplinary group of reviewers who may not have the in-depth knowledge in all the projects submitted. Applicants must ensure that their project proposals can be understood by a non-specialist reviewer.

Terms of the Award

Awarded trainees and their supervisors agree to certain obligations that include but are not limited to:

- acknowledgment of ACHRI in publications, presentations, communications and marketing materials associated with the funded research project;
- participation of the awardee in training activities (i.e., courses, workshops, professional development opportunities) organized by ACHRI and/or ACHRI's partner programs;
- participation and presentation by the awardee at the ACHRI Annual Research Retreat (or another similar event);
- timely submission of trainee and mentor progress reports, final reports, and other documentation, as required;
- continued application for external funding support: with a goal of increasing ACHRI's training capacity, we require all our awardees to explore opportunities for external awards, so that if successful, ACHRI's training funds can be released for supporting additional trainees. We also ask you to kindly notify us of any awards you may receive through either external or internal agencies or programs during the term of your traineeship with ACHRI.
- participation of the awardee's supervisor(s) in ACHRI Committees (including Training Review Committees), when asked.

Training must take place at the University of Calgary, except for short-term research-related visits to other institutions for up to three months per year.

Scholarships will terminate either at the end of the 24-month period or the last day of the month in which the Master's or PhD thesis is submitted to the Faculty of Graduate Studies (i.e., up to 30 days after oral thesis defense). The award holder must notify the ACHRI STEP office of their defense date when it is confirmed.

For trainees in the Leaders of Medicine program, the ACHRI Graduate Scholarship will only be provided during the research training component of the degree and will terminate as soon as the MD component commences.

ACHRI Graduate Scholarships are not intended to be portable (e.g., change of supervisor, or transferring to a different program of study). Trainees are required to notify ACHRI STEP of any changes to their academic status, supervisor, program, or any other changes in circumstances that may affect the scope of their studentship and/or affect start dates and/or duration of studentship.

Recipients of the ACHRI Graduate Scholarship must notify the ACHRI STEP office if they are transferring from a Master's program to a PhD program (i.e., not completing the Master's degree prior to commencing the PhD degree), to determine if they are eligible to continue their ACHRI Scholarship funding at the PhD stipend rate. In cases where the trainee has completed their Master's degree and has used only one year of their ACHRI Graduate Scholarship, and is commencing a PhD program, he or she may apply as a new applicant for additional funding through the ACHRI Graduate Scholarship for their PhD degree, if eligible. If successful, the trainee will receive a maximum of 12 months of ACHRI graduate funding for their PhD degree.
